

**Highmark
Homes**

Excellent Quality. Expert Service. Exceptional Value.

Highmark Homes is a boutique residential builder with experience in delivering high quality, affordable homes to suit a range of lifestyles.

**designed
and built
for you**

Our Difference

We put quality first.

We don't believe in a one-size-fits-all or volume-build approach. At Highmark Homes, we're dedicated to building a home that's right for you, with a range of designs, styles and options, and so many more inclusions than the standard offering.

Highmark Homes gives you the flexibility without sacrificing quality or over-reaching your budget. The result is a boutique building experience which is still competitive on price and timing. For investors, a complete turn-key package is also available.

Our boutique size means we can keep our attention focused on a select group of homes, ensuring you stay well informed and enjoy complete peace of mind. With us, you're not just another job number, because we understand that building a home is a major investment in your future.

We deliver a high standard of housing options to suit blocks from 8.5 metres wide, ranging from 15 to 32 squares, and all with a contemporary selection of façades and options.

Our Knowledge

Local people. Local knowledge.

Based in Melbourne's west and southeast, we bring the value of experience and local contacts to each project. We understand the conditions and the culture of where we build, with a network of trusted local suppliers who share our dedication to creating quality homes for these areas.

The best homes for better value.

Highmark Homes are built by people you can trust from first plans to final touches. Discover how we combine local experience, smart designs, personal service and value-packed designs to create a home you will love for years to come.

Our Commitment

Our commitment to you.

With Highmark Homes, you'll experience a commitment to customer service and absolute peace of mind. We stand by our work with a six year maintenance and 25-year structural warranty.

Our homes are designed for you.

We're always available to talk about which of our designs are most suitable for you, your budget and your family's future. With contemporary architecture and customisable options, you'll find Highmark Homes to be a solid choice with smart designs and superior value.

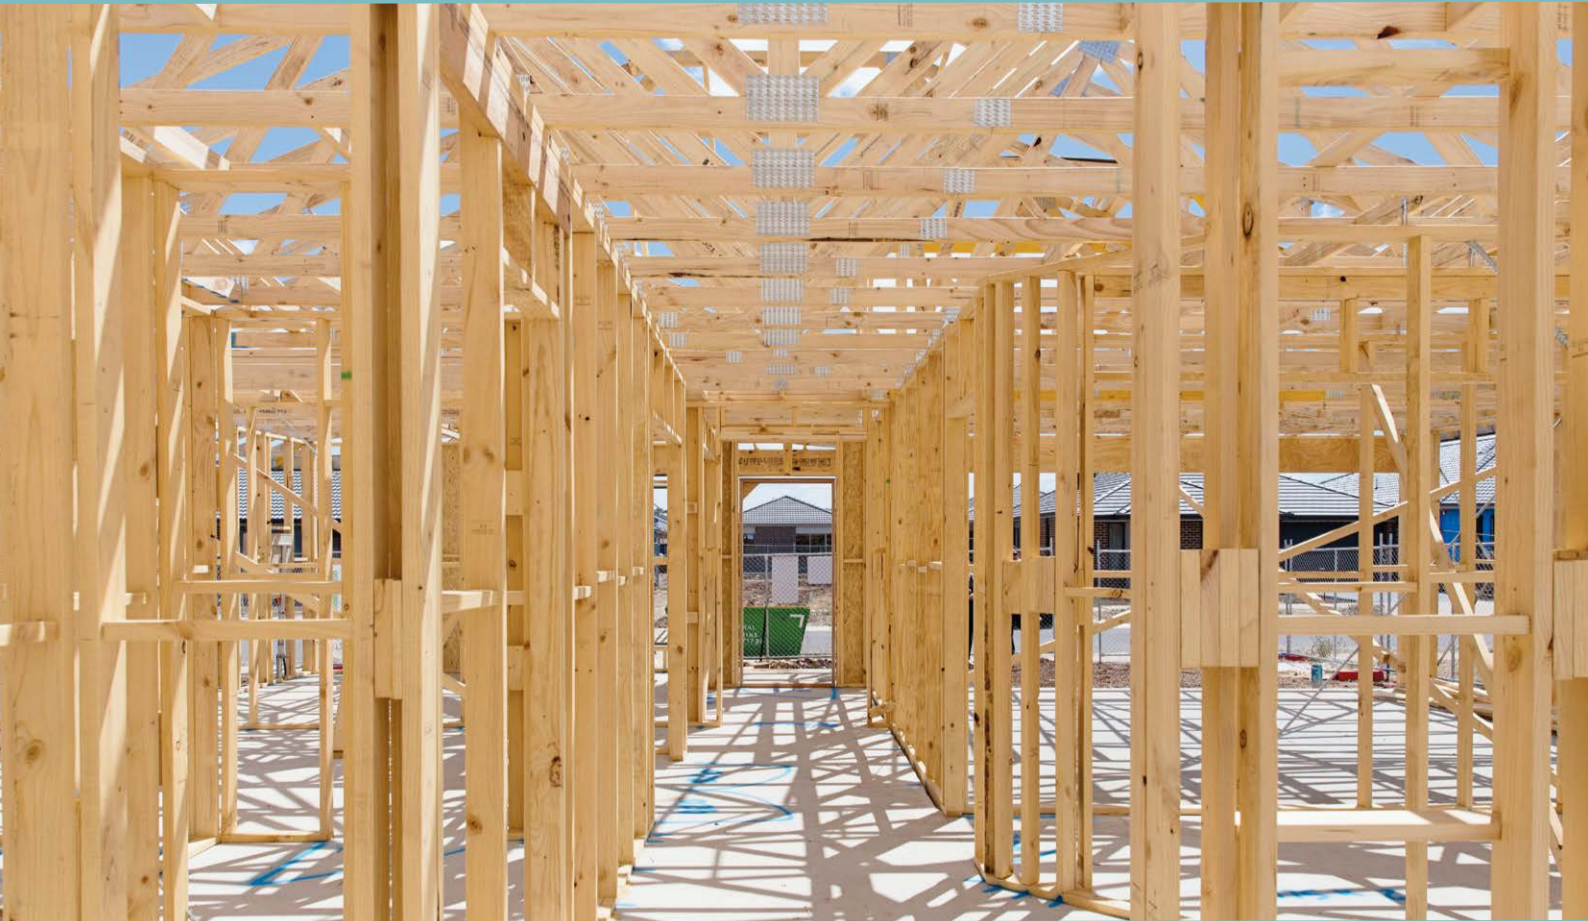

Colour Selection Centre

We make decisions easy for you.

With so many decisions to be made when building your home, we know it can often seem overwhelming. When you visit our Colour Selection Centre, we'll help make it as easy as possible, with experienced staff on hand to take you through the selection of your exterior and interior colour palettes, materials, fixtures and fittings. You'll be surprised at how many inclusions are provided as standard with Highmark Homes.
